Daniel G Chidsey v Frederick E Pidgeon

The Court, acting under MCR 7.203(F)(2), orders that the motion for reconsideration is DENIED. Contrary to the premise of the motion, the claims in appellees' counter-complaint were plainly claims brought by appellees against appellants. Appellants' contention to the effect that those claims were not properly brought against them because they involved property owned by third parties goes to the merits of those claims, but does not change the fact that they were claims between the parties.
